THIMARK

THIMARK TECHNOCREATIONS (PVT) LTD.

ENGINEERING PRECISION. MANUFACTURING POSSIBILITIES.

Automotive Components I Industrial Machinery I Surface Finishing

A Sri Lankan engineering and manufacturing company delivering precision automotive components, customised industrial machinery and advanced surface finishing solutions.

OUR CORE CAPABILITIES

Automotive OEM Manufacturing

Precision components, chassis and structural assemblies.

Industrial Machinery

Custom-engineered machinery and fabricated systems.

Advanced Surface Finishing

Integrated coating and electroplating solutions.

Quality I Innovation I Reliability

PRECISION COMPONENTS. BUILT FOR PERFORMANCE.

Your trusted OEM manufacturing partner for two-wheelers, three-wheelers and four-wheelers.

CHASSIS & STRUCTURAL SYSTEMS

- Main frames and sub-frames (Chassis)
- Swing arms and structural assemblies

TUBE & SHEET METAL COMPONENTS

- Brackets, luggage and guards
- Handle bar, center stands and side stands
- Crash bar, mounting & meter brackets and foot rests

PRECISION COMPONENTS

- Handlebars, stands and engine hangers
- Hooks, brackets and welded components

FROM CONCEPT TO COMPONENT

REVERS ENGINEERING → 3D MODELLING → VIRTUAL VALIDATION → PRECISION FABRICATION → SURFACE FINISHING

TRUSTED OEM PARTNERS

BAJAJ | SENARO | RANOMOTO | DYNO | NWOW

CUSTOM-ENGINEERED MACHINERY. BUILT TO SOLVE CHALLENGES.

We design and manufacture specialized machinery and fabricated systems for hydropower, water management, construction and industrial applications.

WATER MANAGEMENT & HYDROPOWER

- Automated hydraulic trash cleaning systems
- Rotary trash screens and trash racks
- Sluice gates, belmouths and penstock gates

INTERNATIONAL PROJECT HIGHLIGHT

KILGHARRAH 600 — KENYA

Designed and manufactured by Thimark for Kenya Electricity Generating Company (KenGen), in partnership with Varomatech Ltd, Kenya.

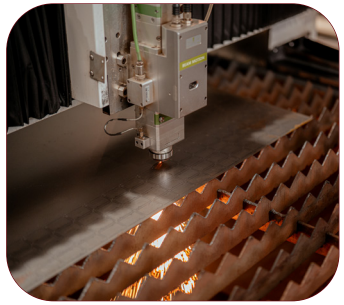

Sri Lankan Engineering. International Capability.

ADVANCED SURFACE FINISHING. ENGINEERED FOR DURABILITY.

Our surface finishing facility at the IDB Industrial Estate, Ekala, brings four specialized treatment lines together under one roof.

OUR CAPABILITIES

- Automated Powder Coating
- Electrophoretic Deposition (ED / E-Coating)
- Black Zinc Electroplating
- Hard Chromium Electroplating

QUALITY & RECOGNITION

ISO 9001:2015 Certified an d honored with awards

- **National Business Excellence (2026)**
  - 01. Winner (Gold) -Excellence in Business & financial results
  - 02. Winner (Gold) – Manufacturing and engineering sector
- **CNCI Achiever Awards (2025)**
  - 01. Bronze award – National level manufacturing sector (Small category)
- **National Industry excellence Award (2023)**
  - 01. Gold award – Metal based component manufacturing sector
- **SLTC Research and Innovation Awards (2026)**
  - 01. Winner -Excellence in In-House R&D Award (Energy, Electronics and Engineering Research)
  - 02. Winner – Merit award for outstanding R&D in SME (Energy, Electronics and engineering research)
- **CNCI Achiever Awards (2026)**
  - 01. Silver award – National level manufacturing sector (Medium category)
